# Lookadoo dana

SEO Consultant | Trainer | Speaker | Author | Cyclist

Listen.  
Engage.  
Optimize.

### Search Marketing builds relationships.

“Seek First to Understand, Then to be Understood.” Stephen Covey’s 5th principle of “7 Habits of Highly Effective People” summarizes Dana’s core approach to search marketing. **Get to know your audience before launching campaigns and training initiatives.**

How? Research keywords typed into search engines and social spaces. Listen to how your audience thinks and speaks. Engage and provide value. Optimize your feedback. Focus on what’s in it for them rather than broadcasting your marketing messages. Create website landing pages that meet their needs and convert to sales!

## Vitae

Dana’s expertise and passions include:

- ▶ Search Engine Optimization & Copywriting
- ▶ Social Media Marketing & Engagement
- ▶ Information Architecture & Planning
- ▶ Website Usability & Conversion
- ▶ Training & Curriculum Development

### Technologist . SEO . Search Marketer

Dana began a career in computing/PC training in 1984 and in website development and online marketing in 1996. She managed two Web firms and founded an SEO agency, Pixel Position, in 2003. Dana worked with R3 Media Group and Blast Advanced Media during this time and had the opportunity to work with multiple Fortune 500 companies. She returned to consulting and founded Yo! Yo! SEO to provide SEO, search engagement optimization and training services.

### Trainer . Speaker . Author

Dana taught Web Design as Adjunct Faculty at Cal State University Monterey Bay. She has conducted multiple corporate training classes and developed technology curriculum for:

- ▶ Sun Microsystems Open Gateways Program
- ▶ Monterey Institute of International Studies
- ▶ U.C. Santa Cruz Extension
- ▶ General Colin Powell’s Youth Peace Corp.
- ▶ PowerUp - America’s Promise
- ▶ Steve Young’s NFL YET Center
- ▶ Wal-Mart’s MEM Technology Conf. Series
- ▶ Webgrrls
- ▶ Conference Speaking & SEO Meetups

Dana authored “Traveling the Internet” in 2005 for Sun Microsystems, a 100-page guide for traveling safely and securely on the Web. She currently writes articles for leading search industry blogs.

# Presence Breeds Presence Communicating, Optimizing, Educating and Engaging!

*Dana's passions and approach . . .*

## Word-of-Mouth SEO

**Word-of-Mouth SEO** is where Search Engine Optimization meets Social Media and Link Marketing.

It's about presence, sharing and being involved. Focus is on creating optimized content that gets talked about & linked to.

**Word-of-Mouth SEO** is more than getting your site to the top of the Search Engine Results (SERPs). Your website is your foundation. It must be organized with a strong information architecture. Once your site is optimized, you'll gain trust, attract links and improve your online visibility.

Dana's approach involves creating **keyword-rich messages and engaging content** on and off-site based on research and analytics.

## Mission Statement

Dana Lookadoo strives to help companies **listen to, optimize and engage** people through their search marketing efforts.

Dana's focus is on marrying technology and quality viral content with strategic marketing:

- ▶ Search Engine Optimization
- ▶ Viral Copywriting
- ▶ Link Building
- ▶ Social Media
- ▶ Online Marketing (PPC, Email)
- ▶ Conversion & Optimization
- ▶ Analytics (Tracking, Testing, Measurement)
- ▶ Training & Coaching

Successful engagements require creative tactical planning, implementation, perseverance and **presence!**

## Needs Analysis

"Measure twice. Cut once." Dana helps teams properly plan, organize and create focused marketing and training campaigns. Each client is as unique as their customers. Discovery helps determine goals, methods, and team members required to achieve success.

## On-Top of Industry Trends

Search Engines are indexing at rapid speed. Conversations are monitored and indexed in social search. Technology, gadgets, widgets, social communities ... all are rapidly changing. What's hot one day is forgotten the next. Dana strives to keep her finger on the pulse of current technologies and search trends to help communicate, optimize, educate and engage.
